JOIN THE USPS FAIRNESS ACT NATIONWIDE CALL-IN DAY

On July 23, 2019, postal workers and the communities we serve are standing up for our public Postal Service. It's time to protect America's most cherished institution.

We are telling our elected representatives to pass the USPS Fairness Act.

In 2006, Congress saddled our public Postal Service with an unfair and unsustainable burden of pre-funding retiree health care benefits for the next 75 years! That means paying now for USPS workers who aren't even born yet.

The USPS Fairness Act will start to put that right by removing the unfair burden. By repealing the prefunding mandate, the Postal Service would then be able to focus on investing and innovating services in order to better meet its mission to service every American household and business.

Join us supporting our public Postal Service. Sign up to call your member of Congress on July 23, 2019.
