A statement from the Department of Health reads: “Homemade masks limit the spread of infectious droplets in the air by containing coughs and sneezes. When a homemade mask can’t be acquired, a scarf or bandana can be

utilized. By implementing community use of these homemade fabric or cloth masks, everyone will have a higher degree of protection from this virus.”

Contact your Steward for your free mask, if you are at a Station or Associate Office contact the Union Office at 210-271-0853 and one will be mailed to you.

The internet has many sources with tutorials for making an effective mask out of a bandana, just Google “making a bandana face mask” for many options!!
