## Attention All Newly Converted PSE's

As we get ready for the 52 conversions, the APWU Health Plan is here to help. Becoming career employees will be a life changing and exciting time for the PSE's. APWU wants to educate the new career employees on the APWU

Health Plan benefits. As you know, we have two great plans that offer strong benefits for the APWU members and their families.

The conversions are expected to take place no later than March 13. Please note, the new career employees will only have **60 calendar days** to select their health plan. The new career employees that were on the USPS plan as a PSE will be automatically disenrolled. The PSE's currently on the Consumer Driven Option can remain on this plan to keep those benefits. No further action will be needed. We want to allow the new career employees an opportunity to meet with APWU Health Plan staff virtually.
