Ballot Return Envelopes

Attention Members, some replacement ballots will not have a Business Reply envelope enclosed when you mail back your ballot.

If you receive an envelope like the example shown, then just detach your ballot after you vote and insert it into the Secret Ballot envelope. Place the Secret Ballot into the pre-paid envelope provided along with the smaller detached portion and make certain the address is shown in the envelope window and place in the mailbox.

The GMF Box Clerk will process the envelopes and charge the Local for any additional postage if needed.

Thanks for your membership!!!!
